SUPPLEMENTAL INFORMATION

1. The purpose of this amendment 0002 to Sol.DAAE20-01-T-0146 is to make the following changes:
  - a. Concerning the Price Evaluation Spreadsheet, attachment 001 to the solicitation, offerors shall ONLY fill-in their proposed unit prices in the BOLD marked boxes. How the government intends to calculate the total evaluated price is explained in clause 52.212-2 "Evaluation - Commercial Items" listed on page 25/26 of the solicitation.
  - b. The following are clarifications of paragraph 2.9 "Painting and Protective Finish" of the Description/Specifications which is attachment 002 of the solicitation:
 

QUESTION: What is the purpose of this test. Due to the fact that cutting a 2 inch X in the paint and filler on the cast iron down to the base metal defeats the integrity of the protective covering of the machine. The cast iron will possibly rust once the metal has been exposed by the scoring. Also, if the cross cuts are made in an area where the castings have been filled for aesthetic purposes prior to painting, the paint will easily come off of the filler.

ANSWER: Contractor's must adhere to paragraph 2.9 in the Specifications as written. There have been too many instances where machine tools have rusted in the crates during shipping and storage to take this situation lightly. Improper surface cleaning and treating must not be allowed. These machines may stay in the crate for several months, therefore, the way the surface treatment is applied to the machine and the way that they are packaged is of supreme importance.
  - c. Concerning paragraph 2.10.1.2 "Hand Scraped and Chrome Plated" of the Description/Specifications, attachment 002 of the solicitation, delete the first sentence, and replace with the following:
 

"This surface may be provided if one surface of a component is chrome plated and the mating surface is controlled by Gibbs."
  - d. Concerning the Description/Specifications, attachment 002 of this solicitation, delete paragraphs 4.3, 4.4, and 4.5.
  - e. Concerning paragraph 9 listed on page 4 of 26 in which offerors are informed that the Government may not take immediate acceptance of the items, but instead require the contractors to storage units up to six months, the Government shall not accept or process invoice(s) for storage cost until the Government takes actual delivery of the items.
  - f. The date and time when proposals are to be received by this office for this solicitation is changed to 28 Aug 01, at the close of business, CST.
2. All other terms and conditions of Sol.DAAE20-01-T-0146 remains unchanged.
